

J & S FRANKLIN

MEDIA INFORMATION

Ref: KNMPR/JSF/09005

London, Tuesday 23rd June 2009

For Immediate Release

Subject: Press Invitation - J&S Franklin at DVD09

You are invited to come and see DefenCell on the J & S Franklin stand at DVD09, Millbrook, Bedfordshire, from 24th to 25th June 2009.

Stand No: BP-5

DefenCell is a lightweight, compact, easily deployed range of defensive protection system that can be used in a variety of roles, including defensive structures such as walls, sangers, bunkers, anti-terrorist crash barriers and even flood defences.

On show will be:

The DC4 / DC2 DefenCell Barrier Walls designed for perimeter security, ballistic protection and blast mitigation.

The DT1 DefenCell (a lightweight barrier wall) that is ideal for the compartmentalisation of camps offering total protection against shrapnel and bullets. It has also recently been used as a "bullet trap" in live firing training.

DefenCell ground stabilisation panels, for building vehicle hard-standings, and HLS (Helicopter Landing Site), and DefenCell geotextile fabric for ground preparation.

Held at Millbrook, in the UK, DVD09 is one of the most important events in the defence equipment calendar. Organised by the MoD for vehicle, battlefield infrastructure and related support services industries, it provides an opportunity for users, specifiers and manufacturers to share expertise and discuss requirements, leading to more effective solutions in a wide range of sectors.

We hope to see you there.

Full copies of evaluation test reports, and images are available from Jeremy Milton –
Email: Jeremy@franklin.co.uk, or come and see us on Stand BP-5 at DVD09

Editors Notes

Founded in 1946, Franklin remains a compact family-run business, with over 20 staff in two UK locations, offering a wide range of military and civil equipment to the British Ministry of Defence and US Dept of Defense, many other overseas Governments, International Relief Agencies and the United Nations. J & S Franklin offers a complete "turnkey" service, combining rapid response, confidentiality and experience to provide economical and effective solutions, on a global basis.
