**J&S FRANKLIN**

## **PRESS INFORMATION**

### **For Immediate Release**

Ref: KNM/JSF/1406/f

London, 11<sup>th</sup> April 2014

### **J&S Franklin to show recently deployed DefenCell MAC at CTX14**

**J&S Franklin will be demonstrating DEFENCELL MAC at this year's Counter Terror Expo, on their Stand No: G95 at Olympia, London from the 29<sup>th</sup> to 30<sup>th</sup> April 2014.**

DEFENCELL MAC has recently been deployed in South Sudan and North Africa, where these orders for several 20' containers of DefenCell MAC, were shipped from stock and see the MAC1, MAC3 and MAC5 models successfully deployed protecting camps in hostile areas.

DEFENCELL MAC is the new range of protective welded mesh metal gabions, lined with geotextile and supplied in several standard sizes that can be filled with locally available materials such as earth, or sand to provide ballistic protection, blast mitigation and HVM vehicle barriers. MAC can also be used for environmental applications and is ideal for flood protection.

DEFENCELL MAC gabions are supplied pre-assembled and folded for shipping and are easy to deploy by pulling open, positioning and filling.
